

# KYIV

## SOCIAL

### ABOUT KYIV SOCIAL

Kyiv Social is more than a food destination, it is a social movement. Kyiv Social employs newly-arrived refugees from Ukraine and brings authentic Ukrainian cuisine and culture to the Sydney community, thanks to a collaboration between Plate It Forward and Ukrainian people.

### ABOUT THE MENU

Headed up by Executive Chef Borys Chernyk, the menu combines authentic dishes which are handmade daily by a team of Ukrainian Grandmothers, and reimagined classics based on sentimental generational recipes. The dishes are designed to be shared to replicate the loudness, fun and vibrancy of a traditional Ukrainian family dining table.

### BUY ONE, GIVE TWO

Every Plate It Forward venue donates meals to community members in need, equating to over 2,000 meals provided to food insecure communities each week. Your support of the Plate it Forward Hospitality Group creates long term impact and global change through food diplomacy. Thank you for supporting our people and communities.

THANK YOU  
ДЯКУЮ

**Our mission:** To redefine equal opportunity by providing food, education and employment opportunities to those most vulnerable in our local communities. Proving that it is a lack of an opportunity, not ability, that prevents success for those in marginalised communities.

### PLATE IT FORWARD

A premium Hospitality Group, food based collective and movement with a strong social purpose. We create Equal Opportunity around the table. As a social enterprise, Plate It Forward harnesses the power of food through a unique mix of hospitality and charity.

Operating across multiple social enterprise venues – including Sydney favourites Colombo Social, Kabul Social, Coyoacan Social and latest Kyiv Social – with a core focus to serve great food celebrating the cultural diversity of Sydney.

Every Plate it Forward venue donates meals to community members in need while providing those from underserved communities the training and education to run all aspects of a commercial kitchen and hospitality business. In addition operating catering services, hospitality events & functions, offering people premium experiences that help those seeking a brighter future showcase their newfound skills.

To date Plate it Forward venues have broken cycles of food insecurity by donating a combined 500,000 meals and delivered social and economic inclusion to 200 community members previously excluded from mainstream employment.

Demonstrating that the use of training and education gives these communities a chance, to those who are often denied one. By harnessing the universal love of food as a force for positive, sustainable change, we're making a life-changing impact for those who need it most.

Committed to breaking down barriers and creating equal opportunity at the table, one plate at a time.

WE WOULD LIKE TO THANK THE CARDONER NETWORK FOR THEIR SUPPORT.
